AMENDED OPINION AND ORDER

at a session of the Department of Environment, Great Lakes,
and Energy held at Lansing, Michigan, Adam Wygant,
Assistant Supervisor of Wells, Presiding

On June 11, 2019, the Petitioner, Cobra Oil & Gas Corporation, filed a Motion to Amend Opinion and Order to Extend Time to Drill Well requesting relief from Order No. 06-2018, effective December 19, 2018. Order No. 06-2018 (i) formed the 640-acre Crawford 1-28 drilling unit consistent with Special Order No. 1-86; (ii) appointed Cobra Oil & Gas Corporation as the operator of the Crawford 1-28 well and directed the Petitioner to complete the drilling of the well within 270 days from the effective date of that Order; (iii) ordered the statutory pooling of all properties, parts of properties, and interests within the drilling unit; and (iv) authorized the Petitioner to recover costs and additional compensation from the parties subject to the statutory pooling order.

The Petitioner in its Motion states that due to the current market price of natural gas, drilling the Crawford 1-28 well is not economically supported at this time. The Petitioner requests an extension of the time to commence drilling the Crawford 1-28 well until September 15, 2020. Petitioner served its Motion on all pooled owners and no comments were received.

DETERMINATION AND ORDER

NOW, THEREFORE, IT IS ORDERED THAT:

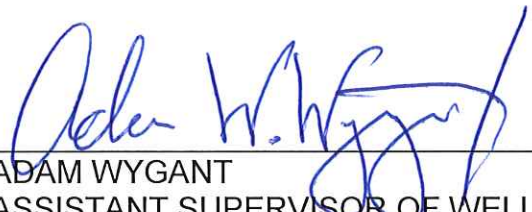

Paragraph 3 of the Determination and Order section of the original Opinion and Order No. 06-2018, effective December 19, 2018, is hereby amended to provide as follows:

3. The Petitioner is named Operator of the Crawford 1-28 well. The Operator shall commence drilling of the Crawford 1-28 well within twenty-one (21) months of the effective date of this Order, or the statutory pooling authorized in the Order shall be null and void as to all parties and interests. This pooling Order applies to the Crawford 1-28 well and any directional redrills from that well.

All other provisions of the original Opinion and Order No. 06-2018, effective December 19, 2018, are reaffirmed.
